

Impact of Coastal Development on Tidal Creeks

Monday, May 12, 2008

As we develop the coast of South Carolina, we change our environment.
Join us for a discussion of research exploring the impact of land use
change on tidal creeks.

Blue Heron Nature Center
(behind Jasper's Porch, near exit 21)
6:00pm

Speakers

Anne Blair, Ecologist, NOAA Hollings Marine Laboratory
Denise Sanger, Research & Planning, SC Sea Grant Consortium
Susan Lovelace, Sociologist, NOAA Hollings Marine Laboratory

For more information please call
Andrea Malloy, Coastal Conservation League 843-522-1800
or Rebekah Szivak, SC DNR 843-953-9024

This is part of an ongoing series on protecting natural resources
in Jasper County.
